Died, at his home, one mile south east of Plum Point, April 10th, Mr. Jesse Knight. The cause of his death was a rupture of long standing. The deceased lacked a few days of being 75 years old.

# OBITUARY.

W. F. Cabbell, the subject of this sketch, was the only son of Samuel and Rebecca Cabbell. He was born July 29, and at the age of 18 he enlisted in the war between the United States and Mexico. He returned to Adair county in 1848, and was united in marriage to Anna E. Montgomery January 18, 1851. He became a member of the Christian Church in the year 1852. He united with the congregation at Pleasant Hill of which he was an Elder for many years. He lived a quiet and devoted Christian life, always ready to make any sacrifice for good, true and noble. He had made the word of God a life-long study and adopted it as his guide through life. He had been in feeble health for many years. On the 9th of February he was confined to his bed and quietly and patiently suffered until the 12th of March at 10 a. m. when he quietly passed away, being at peace with God and all man kind. The funeral services were conducted by Elder Z. T. Williams and the body laid to rest in the family burying ground to await the resurrection morn.

# PARAGRAPH PUNCHES.

Atlanta Constitution: Mr. Rockefeller's stomach may be out of order, but it doesn't affect his appetite for money.

Milwaukee News: The title of "peacemaker" is about as fitting to Joe Chamberlain as a plug hat is to a Sioux Indian.

Washington Star: "Uncle Tom's postoffice," would be a proper title for revised modern edition of Mrs. Stowe's famous novel.

Saginaw News: San Miguel, the "last" of the unreconciled Filipino insurgent leaders, has been slain. We wonder how many "lasts" there are.

Cleveland Press: Congressman Littlefield says there are 800 trusts in this country. "Publicity" for all of them will keep the people busy reading.

Toledo Bee: Secretary Root vouches for General Wood's record in Cuba. But who will vouch for Secretary Root's record in the war department?

Johnstown Democrat: Tom Johnson evidently knows when to show visitors the way out doors. It is when he has unmasked them as spies and traitors in his camp.

Houston Post: The people of thirty Balkan villages are reported to be in arms. It is supposed this report is sent out by Turkey to justify another massacre of Christians.

Cleveland Plain Dealer: The beef trust has pushed its case up to the United States supreme court. That's as high as it can go, as the cow remarked when she jumped over the moon.

# MCGAHA.

Mrs. Will McQuary, who has been sick for some time, died at her home a few days ago. She was a good woman and leaves a husband and several children to mourn her loss. Dr. Grissom did all he could, but God saw fit to call her home.

Melvin Powell is here on a visit. On his departure his wife will go with him.

George Harmon will leave at once for Illinois. He sold his horse to Richard Burton for \$70.

Mr. Bat Heizer, of Greensburg, is having a nice lot of lugs out. John Morrison will saw his stuff.

Wheat could not look better. Corn planting will be late.

Brack Massie passed here this week, looking for sheep.

It is a lucky administration that escapes a scandal. President Roosevelt's has had, and is having, its share. There is one now in the Post Office Department. High officials are charged with crookedness. They call it "irregularities." They pooled their interests with the manufacturers of rural route mail boxes, and gave out information in advance which enabled the aforesaid manufacturers to accumulate a big lot of dishonest pennies, which ill-gotten pennies were divided with the parties of the first part.

St. Paul Dispatch: It took the swollen Mississippi and a break in a levee to bring into print the name of War-moth, so much in evidence in the days of reconstruction and carpetbagism in Louisiana. The old river's rampage may yet resurrect Pinchback, Eliza Pinkston and other names once notorious, but long since forgotten.

Boston Traveler: Included in the president's staff on his trip are two secretaries, one physician, three stenographers; three messengers, two secret service men, representatives of three press associations, representatives of three illustrated papers, two telegraph operators and one official photographer. There is no danger that publicity will not be forthcoming.

# All Were Baffled.

Word comes from Wake, Ark., that Rev. John J. Cox had a strange malady accompanied by yellow jaundice. For 12 years, physicians were baffled and though everything known to the profession was used, the trouble remained. One day he began to use Electric Bitters and in a week, a change for the better came and, at length he was entirely cured. It's the most reliable medicine for liver and kidney trouble. Only 50c and guaranteed by all drug gists.

Mr. David Humble, venerable father of Mr. A. R. "You ought to know better," said the oculist, "than to rub your eyes after handling paper money. Unless its perfectly new its full of germs." "But this was a thousand-dollar bill a fellow handed me to look at. I rubbed my eyes to see if I was awake," responded the patient.—Chicago Tribune.

The nine-year old son of Marion Havens' of Lewis county, accidentally struck his younger brother with an ax, splitting his head open and killing him instantly.

# A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for consumption is a sure cure for all lung and all throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre of Shepherdstown, W. Va., says "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief.
